Section K -- Insurance

2.74 Private Insurance. Because the Personnel Claims Act is not intended to be a substitute for private insurance or to benefit private insurers, claimants must provide copies of policies. Claimants with insurance coverage for all or part of the loss or damage must file claims with their insurers before claims personnel process their claims against the Air Force.

If you have or have had insurance prior to your move, you **must** contact your insurance company to verify that they do not cover your loss. If your insurance company does not cover your property, have them write up a statement explaining why you are not covered.

Several insurance companies have recently expanded their policies, so check with them even if you think you may not be covered.
