Fellow pilots, it may seem improbable, but some pilots have mistaken Eglin AFB (VPS) for Destin Airport (DTS). There are differences. Eglin has two runways (Rwy 02/20 and Rwy 12/30). Destin has only one (Rwy 14/32). Eglin lies just north of the bay, while Destin is right next to the beach and the Gulf of Mexico. Also, Destin is bordered on the south end by high-rise condos. Thanks for helping to spread the word and not be that next pilot.

IF YOUR DESTINATION IS DTS RWY 32 AND YOU SEE THIS, YOU ARE OVER THE BAY. TURN AROUND YOUR RWY IS BEHIND YOU.
